

OUR LA PIAZZA PLATE-MENUS

Dear guests,

due to the high demand we have developed our popular plate menus newly compiled for you.

This is a sociable table buffet, in which the individual courses are entered one after the other each on large plates for 4-5 persons at the table.

This enables groups of 10 to 40 people to start eating at the same time and every guest can take the food which he likes and can choose inserted from the plates as he wishes - if necessary, these are filled up.

Simply a communicative form of dining, which experience has shown to be well received.

Please note that our plate menus are only served for groups of 10 or 15 persons up to a maximum of 40 persons and that only one menu can be selected for the whole group. Changes to the menu at short notice may result in price increases due to increased purchasing costs/delivery bottlenecks.
